NATURALIST SPEAKS

Women's Club Members Hear Carl Akeley on Africa— Delegates Elected—Chapters and Committees Report.

Carl Akeley, African explorer, naturalist and sculptor, spoke before the Women's Club of Forest Hills on Monday afternoon, Jan. 7, in the auditorium of Public School 3, on the subject, "In Brightest Africa." Mr. Akeley believes that Africa is a land of eternal beauty, charm and sunshine. He was sent the last time by the Museum of Natural History to get material for a gorilla group for the museum. Showing colored slides and moving pictures of rare beauty and attractiveness and describing the scenes of the pictures, Mr. Akeley not only entertained the members of the Women's Club, but also the scholars of grades 7 and 8. He said man is the only animal killing animals for no reason and that man eaters among lions are more rare than murderers among people. Young elephants eat bamboo. Pictures of elephants, antelopes, flamingoes, leopards, lions and buffalo were shown.

But he went to Africa particularly to study the gorilla and his gorilla camp was in the Belgian Congo, at an altitude of 10,000 feet. He secured material for a gorilla group. He is asking the King of Belgium to make a gorilla sanctuary and park of the three mountains in the Congo, so that the animals may be unmolested and that scientists will have a chance to study them there.

Mr. Akeley was introduced to the club by Mrs. Phanor J. Eder, chairman of the current readings chapter.

Mrs. Forry R. Getz, first vice-president, was in the chair during the business meeting. Mrs. John M. McMillin, chairman of the philanthropic chapter, reported that she had made four trips to the Jamaica Day Nursery during the last month. Her automobile was filled with gifts each time, once from the kindergarten of Public School 101, once from Gardens Kindergarten, and twice from the Christmas Eve gifts of the Forest Hills Gardens Celebrations Association. The chapter has paid the rent for one month for one deserving woman in Jamaica. The chairman made an appeal for clothing for the Jamaica Day Nursery. The club's scholarship boy, Hudson Kellogg, is doing excellent work at Newtown High School. One delightful feature of the meeting of the club was the presence of Mrs. Kellogg, the boy's mother.

Mrs. Ralph E. Renaud, chairman of inspection of food stores, asked that the members show the merchants in town that the members are back of the committee. She said that the owners of stores formerly evinced some opposition to the committee's investigation, but that feeling is now overcome.

The New York City Federation of Women's Clubs will hold the 63rd convention at Hotel Astor on Feb. 1. To this convention the club elected Mrs. A. E. Kretschmer and Mrs. E. M. Guyon delegates and Mrs. Prentiss D. Wynne and Mrs. Lee Galloway alternates. The Long Island Federation of Women's Clubs met at Hotel St. George on Jan. 18, when Dr. Julia W. Perry was delegate from the club and Mrs. Joseph Barrett was alternate.

The club sent a letter of congratulation to James M. Murtha, newly-elected alderman from this district, because on the day of the meeting he was taking his seat in the Board of Aldermen.

Awards to the Food Stores.

The food stores committee held a meeting since the regular meeting of the club and the decision was reached that no prizes, first and second, would be awarded, but instead that a seal be awarded to each of the following stores: H. C. Bohack Co.; Daniel Reeves, Inc.; Carl Hohnhorst, Delicatessen Store; Henry S. Miller's Drug Store; Austin Court Market; Forest Hills Grocer; Forest Hills Market, and Sheffield Dairy Products Store. The seal reads: "Inspected and Approved by the Food Stores Committee of the Women's Club."

HERBERT CHASE ELECTED PRESIDENT

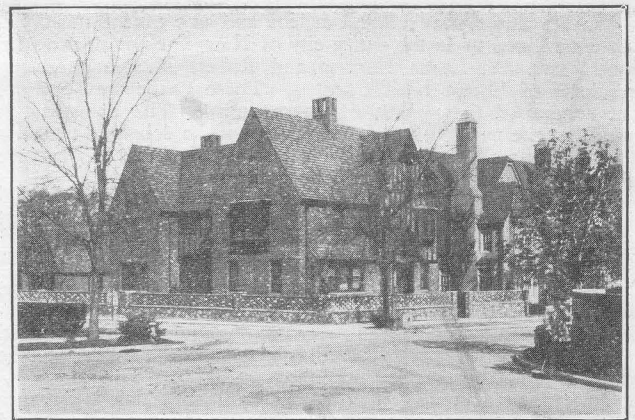

Forest Hills Association Holds Annual Meeting— Reports of Officers and Committees— Plans for 1924.

The annual meeting of the Forest Hills Association, held at the Seminole Avenue Clubhouse on the evening of Jan. 3, was a most enthusiastic one, lasting until nearly midnight. It is the plan during this year to lay particular stress on entertainments and sociability, not neglecting in any way the civic work. All of the members may use the Clubhouse free of charge, and they were reminded at the meeting that the Clubhouse is a most attractive place for dancing and card parties.

The officers elected for the coming year are: Herbert Chase, president; Fred Neumer, vice-president; George J. Campo, secretary; Howard Caffey, treasurer. The chairmen of committees will be: James McGill, publicity, and P. D. Wright, civics. The chairmen of other committees will be announced by the executive committee.

Virgil W. Miller, retiring president, was in the chair and he reviewed the work accomplished during the last year. Many streets have been repaired by the Cord Meyer Development Co., and 51st Street has been repaired by the city. All through the year an effort has been made to have the odors coming from the Corona dump suppressed.

Amendments adopted were: Fee for joining association, \$10; for the use of the recreational facilities of the association, \$10; membership in the association being requisite for those desiring to use the tennis courts, etc. A fee of \$10 will be charged for the use of the Clubhouse to all organizations not affiliated with the association.

TO INTEREST THE NEWCOMERS

THE Forest Hills Association is making a renewed effort to influence all who live in the Cord Meyer section to join the association. This year special emphasis is to be put on the social and hospitable features, which ought to win all newcomers into the fold.

Almost at the same time, the Celebrations Association of Forest Hills Gardens is planning to zone the Gardens side, and in this way all old settlers and newcomers are to be urged to take part in the Fourth of July and Christmas Eve celebrations. Not only a more general participation in community affairs will be the result, but also the real friendliness of the village life will be retained, in spite of the rapid growth in population.

The churches and other organizations and agencies will help to strengthen the friendships throughout the village, and Forest Hills will stand out in the great city as an oasis in the desert.

SAGE FOUNDATION HOMES CO. SELLS BLOCK 12

The Sage Foundation Homes Co. has sold Block 12, the property located at the head of the Green and bounded by Greenway Terraces and Slocum Crescent, at the intersection of Greenway North and Greenway South. This piece of property, conceded to be the finest site in the Gardens and one of the most picturesque locations in the entire city of New York, is now owned by Messrs. W. Leslie Harriss and Robert M. Harriss, long residents of Forest Hills Gardens. These gentlemen have not yet announced their plans of improvement. The BULLETIN is sure that the people of the community will be delighted to know that so valuable and attractive a site as Block 12 has become the property of members of our community.

Parents are advised that all children are required to be vaccinated before entering school.

On Jan. 17 a moving picture entertainment, depicting scenes in the Near East, was given in Public School 3. A can of condensed milk was the price of admission and in this way a large supply of this food for babies was secured for the suffering children of that stricken district.

FASHION SHOW TO BE HELD

A fashion show, conducted by Best & Co., will be held at the next meeting of the Women's Club, Feb. 4, at 2 p. m. This meeting will take place in the ball room of the Inn, by courtesy of the management.

DR. VERMILYE SPEAKS TO MOTHERS

At the meeting of the Mothers' Club of Forest Hills Gardens, at Public School 101, last Monday, it was announced that Mr. Nudd, director of the Public Education Association, will speak at the next meeting on "Needs and Conditions in Public Schools," at Mrs. W. F. Saybolt's home, Greenway Terraces, on Monday, Feb. 11.

Mrs. H. P. Daniels reported that the new building for Public School 101 will contain 17 class rooms for classes through 8 B grade and including kindergarten, two of these rooms to be a domestic science room and a workshop. It will also contain a good-sized auditorium, gymnasium and basement play room, three teachers' rooms, etc. It will be so constructed that 12 additional class rooms and an outdoor gymnasium can be added at some future time. The Board of Education plans to build later another school building between Forest Hills Gardens and Middle Village, to take care of any increase in population in the West Forest Hills direction.

The speaker of the afternoon, Dr. Herbert Vermilye, was a Major overseas in charge of a division of the Presbyterian Hospital Unit in France, stationed at Etretat, and now assistant in the children's ward and in charge of the children's dispensary at the Presbyterian Hospital, New York. Dr. Vermilye spoke of the improvement in treating diseases by prevention. He also spoke of the increase in use of psycho-analysis in the treatment of failures, criminals and insane. Of all these, the most important, in his opinion, is preventive mental hygiene (starting at six-months of age), which is the training of the child in the essentials of human social conduct so that the stream of desires and instincts which seek expression may be transformed into useful channels. From six months on there is a conflict between ego centric and social actions and instincts, and early adaptation to a social environment is the best road to success in life.

The secret of mental hygiene and well being, the speaker said, is the application of Christ's command, "Love thy neighbor as thyself." Mothers have a wonderful opportunity to train their children early in right social ideals and relations.

WHO DID IT?

Will every parent who has a boy please ask the boy if he tried to test his hatchet by chopping and hacking several of our street trees in the vicinity of Puritan Avenue and Greenway South?

If the boy is found, will the parent please handle the situation according to the best modern pedagogical child-training methods.

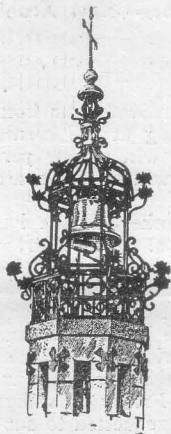

The O. of S. T. was a boy himself at one time and understands the boy's point of view. At the same time, hacking street trees is energy applied in the wrong direction. Attack the woodpile in the cellar, boys, and leave the street trees alone or the "cops" will get you, and also the

A large crowd of men were immensely interested and entertained by the varied program. G. Toulson, who has just returned from an extended trip throughout Europe, spoke on conditions as he saw them in Germany. Mr. Toulson's address made a deep impression upon those present, especially in his description of the terrible sufferings of the German people. Conditions of slow starvation in Germany make it incumbent upon the American people to render all assistance possible, in order that the lives of the women and children might be saved through the hardships of the present winter. Col. J. E. McNary gave an illustrated address on the big guns that shelled Paris from a distance of 75 miles, and presented the men a great mass of information not popularly known. Col. McNary was on General Pershing's general staff, as ordnance officer. A professional entertainer from New York added interest and amusement to the evening. Refreshments were served. The next meeting of the Fellowship Club will take place on Friday evening, Feb. 15.
