He was soloist in the New York Oratorio Society when the "Messiah" was sung. His group of songs will include: "Love Me or Not," by Seachi; "Uphill," by B. Trehavne; "Ma Lindy Lou," by Lily Strickland, and "Homing," by Teresa Del Riego.

## CARD PARTY

Forest Hills Choral Club Will Entertain at the Clark and Merrill Homes.

Through the courtesy of Mrs. Donald G. Clark and Mrs. George H. Merrill, Markwood Road, the Choral Club will give a card party at the homes of these ladies on Monday evening, May 1. ## INTELLIGENCE TESTS.

Miss Margaret V. Cobb of Teachers' College, now resident in Forest Hills, is prepared to give individual Binet examinations of intelligence to children of all ages. She has had experience in examining both the superior and the backward, not to mention the "average child," but expects to find chiefly the first in Forest Hills. Appointments may be made by telephone, Boulevard 6828.

HOME OF MRS. EDITH M. HENDEE

The above is the home of Mrs. Edith M. Hendee, located on the east side of Greenway Terraces, overlooking the Green.

The material is of local field stone, Lammie brick and stucco, with tile roof. The fence in front is of stone and brick to match the house and laid up in a checkered design. The entrance is through a circular head rose trellis gate, which recalls the head of the entrance door to vestibule. The interior has a large reception hall, general living room and dining room, breakfast and living porch; on the second and third floors are five bedrooms and four baths.

Adjoining is the house of Robert Grieg, recently purchased, and it has nine rooms and four baths.

## LUNCHEON FOR MRS. WILSON

In the sun room of the Inn on the afternoon of April 11, seventeen members of the Women's Club sat down to luncheon in honor of Mrs. Augustine J. Wilson, who for two years has been president of the organization. These ladies are officers, members of the executive board, and chairmen of committees. The color scheme of the luncheon was yellow, carried out in flowers and favors. Mrs. A. M. Gray presided and toasts were responded to, the subjects extending from the "Wide World" to "Our Homes." "Community Spirit," "Husbands," "House Tops," and other interesting subjects were also covered by the toasters. Miss Wilhelmina Backus spoke of Forest Hills historically, and surprised the newcomers to this part of the country when she said that Forest Hills was once called "White Pot." In happy, gracious words, Mrs. E. D. Sealy spoke of Mrs. Wilson's unselfish service to the club and her splendid devotion to the community. A bouquet of pink roses was presented to the guest of honor.

## FIFTY-FIRST STREET SEWER

The next meeting of the Community Council will be held on Friday evening, April 21, at 8 o'clock, in the social room of the Church-in-the-Gardens. There will be reports of various committees.

The speaker will be J. F. Perrine, engineer in charge of sewer construction, Department of Public Works, Queens. He will tell about the Fifty-first Street sewer; where it is now; why construction has not been pushed and what course we can pursue to hasten its extension into Forest Hills. He will answer questions about the size of mains and laterals in the street, and tell what must be done before connection can be made with the Fifty-first Street sewer.

The secretary of the Community Council reminds the residents that taxes are due May 1.

### THE DAY OF DAYS

**T**OMORROW is a day full of suggestion and symbolism signifying that death is only an incident in life. Relying upon that thought, the universe becomes rational and a new light is thrown upon all of our experiences. We can then say with Tennyson:

"My own dim life should teach me this;  
That life shall live forevermore,  
Else earth is darkness at the core,  
And dust and ashes all that is."

In order to grasp this assurance we must assume that it is true. Dr. Washington Gladden in "The Practice of Immortality" says: "Indeed, the only way, I think, to get any firm assurance of any of the fundamental facts of life is not to try to prove them by what you call scientific evidence, but to assume them and build your life on them." He shows that the foundations of architecture and science are assumed and so we must assume the presence of God. "After you have assumed God you can not without doing violence to your reason, fail to assume immortality, for if love is the heart of the universe, the universe is not a fraud, and the deepest instincts of our lives can be trusted. \*\*\*Assume that they (these instincts) are telling you the truth and build your life on that foundation; live as you ought to live, if life goes on forever, and the future is the harvest of the present. Think as you must think, if there is a day after today and the eternal years of God belong to truth and justice and righteousness."

Such a belief and practice will develop strong, virile characters. Sincerity, honesty, straightforwardness, kindness, industry, purity, these and many more are the virtues that come from practicing immortality and they come not from easy living but from hard knocks. In the words of Browning:

"Then welcome each rebuff  
That turns earth's smoothness rough,  
Each sting that bids nor sit nor stand, but go!  
Be our joys three parts pain!  
Strive, and hold cheap the strain;  
Learn, nor account the pang; dare, never grudge the throe!"

A personality developed from such living and thinking and with such characteristics is worthy of immortality and it becomes a dauntless, victorious spirit. Not only will personal immortality become the present and eternal experience for such a soul, but its influence will be felt by all who come in contact with it here and now and it will live in the lives it touches.

MRS. ABBOTT NEW HEAD

Gardens Mothers' Club Elects Officers—Dr. Cecil Speaks to the Group.

Mrs. Lawrence F. Abbott will be the president of the Forest Hills Gardens Mothers' Club for the coming year. She was elected to succeed Mrs. Harold P. Daniels at the meeting at the home of Mrs. B. S. Halsey, 119 Greenway South, Monday afternoon, April 10. Mrs. Lyman Beecher Stowe, reporting for the nominating committee, presented the following names: Mrs. Abbott, president; Mrs. John D. Fletcher, vice-president; Mrs. W. F. Saybolt, recording secretary; Mrs. Richard W. Knight, corresponding secretary, and Mrs. Roger Williams, treasurer. These offices were all unanimously elected. Mrs. Abbott appointed chairmen of standing committees with power to choose their associates, these chairmen to serve on the executive board: Mrs. Homer Croy, for playground; Mrs. Donald G. Clark, program and entertainment; Mrs. Harold P. Daniels, school building committee; Miss Anna G. Price, art.

Mrs. George Smart reported for the library. Mrs. Daniels told that the title for the land for a school building had passed from the Sage Foundation Homes Company to the city and that a building would be erected as soon as red tape would permit. It was reported that Miss Agnes T. Reilly is in charge of the playground and that it is open daily from 2:30 to 5:30 P. M. The blue prints of the Community House plans have been submitted to the executive board for approval.

Mrs. Abbott, the retiring treasurer, reported a balance in the general treasury of \$37.43. The skating account shows a balance of \$33.69. The net result of the Sally Hamlin concert is \$107.60. It was stated that \$500 must be raised for the continuance of the playground this spring and fall. Mail checks to Mrs. Lawrence F. Abbott, 194 Greenway South.

Pictures have been donated and will be framed for the bare walls of public school 101. Miss Price, as art critic, will pass on them first.

Dr. Russell Cecil was the speaker of the afternoon and his subject was "Inoculations, Pneumonia and the Common Cold"—a subject on which he is an authority. He told of the desire now of physicians to prevent sickness as well as to cure it. Bacteria are of two kinds, harmless and virulent; these enter through the mouth from unclean hands, impure water and impure food. The bacteria produce intestinal and respiratory diseases, the first of which are very well controlled. The respiratory diseases are influenza, pneumonia and the common cold, and the various children's diseases. Vaccination is splendid in preventing cold. One's own germs should be used in making the vaccine, and it is best to use it in a spray daily. Excellent results are obtained in preventing pneumonia by vaccination. Vaccine helps to prevent these diseases, serum is used as a part of the cure. There is no serum that can be used in the cure of scarlet fever, measles, chicken-pox and infantile paralysis.

### "THE LAW OF THE SEA"

Presented Most Successfully by Gardens Players at Scarsdale—The Performance Praised.

The Scarsdale Inquirer of March 25 says:

"Another innovation was the appearance of a number of non-resident performers. The Gardens Players of Forest Hills, by whose invitation the Wayside Players presented 'Wurzel-Plummary' in Forest Hills a few weeks ago, were in their turn the guests of the Scarsdale organization. Five of their members gave an admirable performance of a one-act play. A number of other members of the Gardens Players were in the audience.

"The chief parts in the 'The Law of the Sea,' presented by the Gardens Players, were taken by Mr. Harvey Warren and Miss Bertha Mandell, both very accomplished actors. The play is a tragedy, pitched in a high emotional key, and their undertaking was an ambitious one for any amateurs. Miss Mandell and Mr. Warren, however, proved quite equal to the demands made upon them and kept the audience intensely interested on both evenings. Miss Mandell especially showed that she possessed the gift of dramatic insight and expression. The small parts played by Helen Hoefft, Marjory Wilson and Crispia Bebb were likewise effectively acted."

## AMERICAN HUMOR

**Current Events Chapter Will Have Donald Ogden Stewart as a Guest—Beatrice Herford, Monologist, Speaker at April Meeting of Women's Club.**

Donald Ogden Stewart, who has written a parody on Wells' "Outline of History," and is a contributor to the *Bookman*, will be the guest of the current readings chapter of the Women's Club at the home of the chairman, Mrs. Donald G. Clark, Markwood Road, on Tuesday afternoon, April 18. He will discuss current American humor. Mrs. Richard W. Knight will assist Mrs. Clark in receiving the guests. This program will be given in the place of the one announced in the last BULLETIN.

**Beatrice Herford, Monologist.**

Miss Beatrice Herford was the speaker at the regular meeting of the Women's Club held at the Inn on Monday afternoon, April 3. She was introduced by Mrs. Edgar D. Sealy, and gave a series of original monologues which were most humorous and entertaining. One person present had heard Miss Herford with pleasure in Boston twenty and more years ago and she thoroughly enjoyed her after the lapse of years. The program consisted of "Two Women and a Little Girl at a Restaurant," "A Girl at a New York Pay Telephone Station," "A Woman of the Suburbs at an Employment Bureau," "A New England Country Seamstress," "English Lady Packing Her Trunk" and "A Clerk in a Five and Ten-Cent Store." It was an amusing and a refreshing program.

**Business of the Meeting.**

New members elected into the club are: Mrs. A. W. Barnard, Mrs. David M. Kenzie, Mrs. H. M. Edwards, Mrs. M. F. Tompkins, Mrs. Joseph Chamberlain, Mrs. William I. Hare, Mrs. H. C. Bixler, Mrs. T. T. Cook, Mrs. Van H. Manning, Mrs. Robert S. Atkins, Mrs. J. C. Vandervoort, Mrs. Maud A. Gurney, Mrs. G. H. Dorr and Miss Margaret E. Esing.

Mrs. Louis D. Speir reported for the civic committee. Spring clean-up day took place on April 7, as Mrs. Speir announced. She suggested that every member "adopt an orphan vacant lot" for the summer and that this be the town slogan. Having adopted an orphan, she proposed that each foster parent clean up and beautify the lot adopted. The best kept food store in Forest Hills today is the "Forest Hills Grocery," and to it has been awarded the Women's Club trophy.

Mrs. George Smart reported for the Library Station.

On the recommendation of the executive board, the club voted \$250 to be given to the Veteran Mountain Camp for the purchase of a lean-to which will be named "The Heroes of Forest Hills."

The nominating committee which will report at the May meeting consists of the following: Mrs. S. Ellsworth Davenport, Jr., Mrs. John A. McFarlan, Mrs. Ward J. MacNeal, Mrs. W. P. Beazell and Mrs. Lee Galloway.

A delightful feature of the afternoon's meeting was the singing of a group of members of the Forest Hills Choral Club under the direction of Mrs. Charles H. Scammell.

**Music Chapter.**

Mrs. Lola C. Worrell will be the guest of honor at the last monthly meeting of the music chapter on the afternoon of April 28. The subject of the meeting is modern composers. Mrs. Worrell has composed many wellknown songs. Among the best known is "The Song of the Chimes," which Alma Gluck has sung for the Victor records. As Mrs. Worrell will play some of her own compositions, this promises to be a most interesting meeting. Mrs. Hulbert Yerkes, 45 Meteor Street, is the hostess of the afternoon.

**CIRCULATION GROWING.**

The reports from the Library Station show a remarkable increase in circulation. In March, 1921, 516 books were put into circulation; in March, 1922, 109 books were taken out by the borrowers of Forest Hills. The circulation will continue to grow and the quality and timeliness of the books will continue to improve. The Station is located in the sales office and is open Monday and Friday afternoons from 3 to 5.30 o'clock.

**"JAPAN AND CHINA—A CONTRAST"**

**Noted Engineer Addresses Men's Club—Ladies Are Guests—Kermit Roosevelt Next Speaker.**

On Friday evening, April 7, at the Inn, the members of the Men's Club and their guests, the ladies, were instructed and entertained by the illustrated address of C. H. Chubbuck, of Philadelphia, who has spent many months in the Orient and presented the subject, "Japan and China—a Contrast." Mr. Chubbuck is a photographer of discrimination and taste and the many beautiful slides which he showed were made from his own photographs and were hand-colored. The city and country life of both countries were graphically shown, as were also the architecture and the wonderful trees and flowers. Mr. Chubbuck appeared in a perfectly beautiful gold and black Mandarin robe. He has been a keen observer of the oriental countries and he described at length the scenes which his pictures depicted.

Light refreshments were served in the sun room and a social hour was enjoyed.

Kermit Roosevelt will speak to the Men's Club on Thursday evening, April 27, at the home of Dr. Edward L. Keyes, 110 Greenway South. His subject will probably be "Big Game Hunting."

**A GRIEG AFTERNOON**

With the multiplicity of meetings in Forest Hills, I had always stayed away from the meetings of the music chapter of the Women's Club, although I am a music lover, but when I heard there was to be a Grieg afternoon on March 24, at the home of Mrs. E. M. Guyon, 342 Burns Street, I determined to go and I am glad that I did.

Mrs. Edward Moir, chairman, reviewed the life of Grieg. Mrs. Guyon, an accomplished pianist, played the accompaniments for Charles P. Poore, who played on the cello. Mrs. C. H. W. Hasselriis, in her rich contralto voice, sang a group of Grieg love songs, most charmingly. Theodore Saul, a composer and pianist, played with great skill and understanding some of the most difficult of Grieg music and at the request of the guests rendered some Wagner music most beautifully.

It was an afternoon well spent and I am hoping that the music chapter will increase in numbers and interest.

A MUSIC LOVER.

### CHURCH-IN-THE-GARDENS

A very cordial invitation is extended to residents of Forest Hills to join with us in our Easter service tomorrow morning at 11 o'clock. Dr. Charles E. A very inspirational Good Friday service was held last night under the leadership of Dr. Worth Tippy.

Dr. Latshaw preached last Sunday and conducted the regular communion service and on behalf of the church received fifteen new members; four by letter, Mr. and Mrs. H. C. Bixler, Mrs. Gardner Osborn and Alfred Vanderminde; two affiliated members, Gardner Osborn and

Miss Edith Ramsay, and nine on profession of faith, Elizabeth Ramsay, Jane Waters, Elizabeth Waters, Dorothy Smith, Lydia Flint, Virginia Clymer, David Driscoll, M. L. Finch, Jr., and Everitt Hinrichs. A very hearty welcome is extended to these new members. The church will gladly welcome other residents in Forest Hills who desire to join. Arthur H. Flint, moderator, will be glad to discuss church membership with anyone desiring to consider the matter.

We are very happy to announce that on Sunday, April 23, the Rev. Charles H. Parkhurst, D. D., and on Sunday, April 30, Dr. Latshaw, will preach.

### ST. LUKE'S WOMEN'S GUILD

Plans have been made for forty-five tables for bridge at the home of Mrs. H. W. Hardinge on April 21. The Guild expects this to be an unusually attractive party. Those who have not secured tables should do so without delay.

The "Rummage Sale" will be held in New York on April 18 and 19.

The next meeting will be at the home of Mrs. Frank Wheeler, 38 Ingram Street. This will be the final meeting of the Guild for the season, and a large attendance is desired.

The secretary and treasurer, Mrs. Arthur Wright, sails for Europe today and expects to remain all summer.

### ALL BIRD LOVERS, COME!

There will be a very important meeting of the Forest Hills Gardens Audubon Society at the home of Mrs. George Smart, president, 45 Deepdene Road, at 8 o'clock on Tuesday evening, April 18. Election of officers will take place and some vital questions of policy and procedure will be decided. The funds in the treasury will not warrant a specially mailed notice to all members so that this notification must suffice. All bird lovers and those who believe in the conservation of the wild life around us are urged to come to this meeting.

The Audubon Society has been very helpful in the ornithological education of the children of Forest Hills by twice a year giving illustrated lectures in the public schools. Twice a year a person of national reputation has spoken to the people of the Gardens as a gift from the society. Food has been distributed to birds in the winter and lamp post bulletins have daily reminded passersby of the feathered friends. The birds are of inestimable worth in saving vegetable, plant, shrub and tree life from the pests that would otherwise destroy these valuable and aesthetic features of Forest Hills Gardens. It will soon be time to pay one dollar dues if you wish to assist in this work.

### CATS UNDER INDICTMENT

To the *New York Herald*: I do not believe that letter writing will do much to help the cat legislation contemplated in New Jersey, but a few facts might be of interest.

I have a record of thirty-nine different birds observed from my back yard. Twenty of these nested within two blocks of my home. Cats are also numerous. The following is a list of their murders:

Cardinal grosbeak, one brood, two birds raised.

Rose breasted grosbeak, one brood, all killed.

Indigo bunting, two broods, three raised.

American goldfinch, one brood, all killed.

Starling, one brood, all raised.

Song sparrow, two broods, six killed.

Robin, four broods, eight killed.

House wren, one brood, all raised.

Y. S. flicker, one brood, all raised.

Catbird, two broods, four killed.

Yellow warbler, one brood, two killed.

Wood thrush, one brood, two killed.

Killdeer, one brood, all raised.

The English sparrows also suffered. Young rabbits as well as gray squirrels are destroyed by cats. I doubt very much whether cats are able to catch a rat in the open. I have trapped ten rats on my property this season, notwithstanding the multitude of cats.

H. L. Bowers.

Trenton, N. J., Feb. 20.
