Women's Club Speaker Tells of Letters 3,000 Years Old—Constitution and By-Laws Revised

Introducing Prof. Robert William Rogers as the best qualified person in America to speak on ancient archeology, the Rev. Albert Sheppard said that he was presenting Prof. Rogers to the most intelligent group of women in New York. Consequently the speaker and the women in the audience were all happy at the Women's Club meeting, March 5. Then Professor Rogers told the fascinating tale of finding "A Bundle of Letters Thirty Centuries Old." "All letters," said he, "reflect the writer and the times in which he lived." Then, with a delightful sense of humor and a scintillating delivery, Mr. Rogers pictured the finding in 1887 of 300 bricks in Egypt by a native woman. These bricks were valuable because they were covered with Babylonian writing from the days when the Egyptian kings of 1300 B. C. wrote letters to each other. Of this number of bricks, 82 are in the British Museum; 180 in Berlin; a few in Cairo, and one in the Metropolitan Museum. Reading the translation of some of these letters, the speaker entertained and amused his hearers.

The new members of the club are: Mrs. Elton W. Clark, Mrs. Morris M. Davidson, Mrs. Lytle J. Hunter, Mrs. William Neisal, Mrs. V. N. Quinton, Mrs. Robert F. Runge, Mrs. Conrad B. Taylor, Mrs. W. N. Vermilye and Mrs. S. N. Zinberg.

Mrs. Edward H. Mays read a proposed revision of the constitution and by-laws, and these were all accepted as read except in a few minor cases. There were not many striking changes proposed. The dues will be \$4 instead of \$3, with \$1 initiation fee to be paid when an application is presented, signed by the applicant and one member. A Forest Hills woman may be a guest of the club at one meeting during the year. Members may bring out-of-town guests to the club meetings.

Mrs. Augustine J. Wilson reported for the philanthropic chapter, telling of the help that had been given one needy family; also that 81 bibles had been made for the children of the Jamaica Day Nursery; and that the club's scholarship boy is doing well in Newtown High School.

Mrs. George Smart reported for the library, urging a general helpfulness toward the institution on the part of residents in suggesting books needed here, and then that all members of Forest Hills families should become users of the books to increase the circulation.

Miss Christine Rose played a number of selections on the piano with feeling, intelligence and a wise use of the technique at her command.

JEWELER ARRESTED AND HELD FOR TRIAL

Charles S. Perry, the Continental Avenue jeweler, who has been arrested for pawning jewelry belonging to Forest Hills people, is out on \$1,000 bail. The case came up in the Second District Court of Flushing on Tuesday morning, March 13, and was put over until March 22.

The detective at the Newtown office assures the BULLETIN that the jewelry which Perry has pawned will be returned to the owners in due time. No pawn broker can sell any piece of jewelry until one year has elapsed from the time it was pawned, and since the policemen have the various pawn tickets found in the Perry store, there is no danger that the valuables will be lost.

Perry was arrested on the complaint of Mrs. Ruth Swazey, 162 Slocum Crescent, charged with the larceny of a \$400 ring. Perry admitted the pawning of the ring and produced the ticket. Many other pawn tickets were found on his premises.

IMPROVEMENTS IN FOREST HILLS

The executive committee of The Forest Hills Association met George Meyer, of the Cord Meyer Development Co., on Thursday night at the company's office, for the purpose of discussing ways and means by which certain needed improvements in the village may be brought about. It is the intention of the association during this year to spend its major efforts in the direction of civic affairs.

WINS MAYOR'S PROMISE

Forest Hills Delegation Assured Library Site Will Be Purchased Under Certain Conditions

Mayor Hylan has made the positive promise that if either of the two pending bills to relieve New York City finances at Albany becomes a law, a site for a library at Forest Hills will be purchased. His honor made this promise at a meeting of the Board of Estimate held on Wednesday, March 7, and a delegation from Forest Hills attended the meeting, Rev. Albert Sheppard acting as spokesman.

When the library matter was reached on the calendar, Rev. Mr. Sheppard spoke briefly of the importance of purchasing a site, and the Mayor said, as he had said at a previous meeting, that no sites for libraries could be purchased unless the bill amending the pay-as-you-go law is passed by the legislature.

Queens Borough President Connolly moved that the legislature be petitioned to amend the pay-as-you-go law. Comptroller Craig said that both the Mayor and President Connolly were wrong.

"There is absolutely no necessity for this amendment," said the Comptroller. "The legislative leaders are prepared to add one mill to the State School tax to meet teachers' salaries in this city. Under this plan, the city will get \$12,000,000 additional, or, in other words, the city's State tax, which usually runs about \$12,000,000, will be returned. Any issue of long term bonds must be charged against the city's debt limit, and to do this would destroy the entire subway program."

Mayor Hylan insisted that it would be well to have the pay-as-you-go law amended and also have the proposed legislation in regard to the school tax. Both bills would be helpful. President Connolly's motion was passed, the Comptroller alone voting in the negative.

Mayor Hylan, then addressing the Forest Hills delegation, made the promise referred to above, and the library hearing was continued until the second meeting in April of the Board of Estimate.

NEW HOUSES ON MIDDLEMAY CIRCLE

The Sage Foundation Homes Company is building the above groups on Middlemay Circle. There are three houses in each group of seven rooms and two baths, each, with large open porches and a one-car garage. Each end house has a large piece of ground.

Spencer boilers have been installed and every detail of construction is up to the usual standard of the Homes Company.

NEWS GATHERING

The next meeting of the Men's Club will be held on Friday evening, March 23, at the home of Dr. Philip G. Cole, at the corner of Markwood and Underwood Roads. The meetings regularly come on the last Friday of the month, and since the last Friday in March is Good Friday, this change of date has been made.

"How the World's News is Gathered" will be the subject of talks by Richard Duffy, foreign editor of the *Literary Digest*, and William Carman Roberts, political editor of the same magazine.

OUR WINTER BIRDS

THE heavy snowfall has driven the birds close to our houses, and we have seen much more of them than in most winters. Scarcity of food has made them also very tame, and daily they have come to our windowsills. Most abundant are the white-throats, with an occasional white crowned and swamp sparrow among them. They have been at our windows all winter, occasionally chirping a promise of their spring song. The surprise of the season has been pine siskins, feeding in flocks of ten to twenty on honeysuckle berries, and along with them goldfinches, looking much like the siskins in their drab winter plumage. Perhaps many of us have observed the handsome fox sparrow, spotted like a thrush. Usually it comes late in fall and early in spring. The ordinary number of song sparrows have been here, one of them celebrating Washington's birthday with a song burst. Two weeks ago there came cedar waxwings. They found meager forage among the remaining berries and did not linger. During the early part of winter a mockingbird, our second on record, stayed for a few weeks.

Early risers can hear now the soft purring of the screech owl, rather musical and different from the shrill summer laughter. March is their honeymoon season.

As suggested before, let us not neglect feeding the birds. We can keep many of the visitors throughout the summer by being kind to them at this time of year.

A BIRD LOVER.

ARCHEOLOGICAL DISCOVERIES

The Rev. Albert Sheppard sends the following to the BULLETIN:

"The recent excavations in the Valley of the Kings, Egypt, has stimulated a world-wide interest in archeology. These archeological discoveries shed a great light upon distant civilizations, which has not only a cultural influence upon our own day, but materially assists us in a more perfect understanding of the significance of contemporary events. We may entertain a just pride in the great work accomplished by our own American archeologists, of whom Professor Rogers, who spoke before the Women's Club March 5, is one of the most famous. Anyone who desires to become thoroughly acquainted with recent discoveries may have that information in a book by Professor Camden Cobern, 'The New Archeological Discoveries,' published by Funk & Wagnalls Co. This is the only book of its kind published anywhere; is absolutely authoritative; and it is written like a romance, by an American professor."

CITY OF NEW YORK WATER BILLS

In reply to a number of questions about bill for water charges on the premises which are supplied through a meter, James Butler, Deputy Commissioner, Borough of Queens, advises that the meters in this particular locality will be read in a period of a week or ten days, for which the bills for the water supply will be rendered in an additional period of three weeks. These bills, when rendered, will cover a period from April 20, 1922, to the date of the next reading.

PUBLIC SCHOOL NEWS

A surprise party for Mrs. Mary Hoppe was held at Gardens Tea Room on Monday, Feb. 27. The party was given by the teachers of Public Schools 3 and 101 in honor of Mrs. Hoppe's appointment as principal of the two schools and also in honor of her birthday.

A pair of heavy silver candlesticks was presented to the guest of honor, and tea was served.

Over two hundred children in Schools 3 and 101 took the Schick Test to discover liability to diphtheria. On Thursday nearly all of those found liable to the disease took the first inoculation to secure immunity.

Sympathy is extended to Miss Manwaring, one of the teachers, in the death of her mother; and to Mrs. Taylor, secretary, in the death of her mother.

MOTHERS TO GIVE CARD PARTY

The Mothers' Club of Forest Hills Gardens will give a bridge and five hundred party at the Inn on Wednesday, April 4, at a quarter past two for the benefit of the summer work on the playground. Tickets at \$1.25 each may be obtained from Mrs. Edwin Bird Wilson, 134 Puritan Avenue, at the Inn and from the stores in which the poster is displayed. There will be a prize for each table.

If any one wishes to reserve a table, she may do so by notifying Mrs. Wilson. Tea will be served at the Inn for 35 cents each.

A large attendance is hoped for, as the maintenance of a playground director costs a considerable sum.

HOSPITAL DESERVES SUPPORT

The Jamaica Hospital last year had 1,976 patients. Also the following figures show why it deserves support: 5,457 treatments to crippled children, 444 treatments to children at their homes, 1,690 children called for with hospital ambulance, 1,024 operations, 850 emergency cases, 268 babies born in hospital, and 848 patients radiographed. The religious classification of the patients is as follows: 1,024 Protestants, 650 Catholics, and 302 Hebrews.

Using the hospitals of New York City as a basis, this district has 20 per cent hospital facilities, which means that 80 per cent must go elsewhere. The present hospital building is wholly inadequate and must be abandoned. The new building will have twice the capacity of the old one and will have every convenience. The public needs to donate its share.

Through the agency of the Jamaica Hospital Auxiliary of Forest Hills, the people here have a chance to help. Mail checks for the adult members of the family—\$1 each—to Mrs. L. R. Blackhurst, and this will entitle each contributor to membership. A larger amount to the building fund will be most welcome. Mrs. Blackhurst's address is 104 Ascan Avenue.

SPRING CONCERT

Choral Club Rehearsing Weekly for the April Concert—Seventy-five Voices.

The Spring concert of the Forest Hills Choral Club will be given at the Masonic Temple on Friday evening, April 20. This concert will mark the close of the second year under Bruno Huhn, the able conductor. The assisting artists on this program will be announced in the next BULLETIN.

Mrs. Charles H. Scammell, president, is compiling a beautiful souvenir program for this occasion and will be glad to receive a few more advertisements to be placed in it. By taking advertising space in the program, substantial appreciation is shown towards this organization.

The rehearsals of the club are taking place every Tuesday night in the social room of the Church-in-the-Gardens. On Thursday, April 12, a special rehearsal will be held in the usual meeting place. Then on Thursday, April 19, a last rehearsal will take place in the Masonic Temple.

ST. PATRICK'S DANCE

The entertainment committee of the local Masonic Lodge, of which Henry Hirschberg is chairman, has planned a St. Patrick's night dance, to be held at the Masonic Temple, Gown Street, tonight, March 17.

At a recent meeting of the Masonic Lodge, tentative plans for the completion of the Temple were presented for the consideration of the members. Copies of these plans are to be sent to each member of the lodge, and at some date in the immediate future a special meeting is to be called for final action upon the matter. It is realized that continuance under present conditions is impossible and that the problem will have to be met by the completion of the building or by the making of such improvements as will make it comfortable. A. Alfred Renshaw is the master of the lodge.

GENERAL APPROVAL OF GARDENS CORPORATION

Checks for maintenance charges and dues to Gardens Corporation continue to arrive with every mail. From the total six hundred odd property owners in the Gardens maintenance has been paid by 424 and dues by 372. This leaves 52 who have not so far availed themselves of the privilege of membership in Gardens Corporation by paying their dues. In all \$11,555.95 has been received.

The Directors of Gardens Corporation met on Thursday night, and a meeting of the Community Council was held Friday night to revise the constitution, looking toward the perpetuation of the Council in a form best suited to act as an instrument of co-operation with the property owners' organizations on both sides of the track.

CHURCH - IN - THE - GARDENS

It was certainly gratifying to the members of the Church-in-the-Gardens, particularly the new pastor committee, that such a large congregation was present on Sunday, March 4, to greet our new pastor, Rev. C. E. Silcox, when he preached his first sermon as the pastor of the church. Dr. Latshaw's presence in the pulpit and his gracious introduction of Mr. Silcox was indeed appropriate. The sermon was one of great force and treated an old subject in an unique and scholarly way. After the service an informal reception to Mr. and Mrs. Silcox was held in the social room.

Mr. and Mrs. Silcox have now completed their moving from Fairfield, Conn., and are very comfortably situated at 57 Winter Street.

Mr. Silcox is already becoming acquainted with the parish and the community and has begun plans for getting acquainted with the

church work and organization. On Friday afternoon, March 9, he addressed the meeting of the Women's Guild.

The pastor is planning three mid-week meetings preceding Easter in the social room of the church Wednesday evenings at eight o'clock, when he will consider three of the great books of Christendom. Immediately after Easter it is planned to have a series of mid-week meetings for the purpose of studying our various church organizations and their functions.
