JAMAICA HOSPITAL DRIVE

Forest Hills Residents Working for the Project Are Expecting Good Returns

Hospital facilities in Queens County are admittedly woefully inadequate. When the Jamaica Hospital is completed, however, a very material improvement will have been made in this situation and there will be no necessity for residents of Forest Hills to make use of the New York hospitals. The trip from Forest Hills to the Jamaica Hospital can be made in five or ten minutes.

The Jamaica Hospital, on its past record, deserves the support and co-operation of the residents of Queens County, though it has suffered from the handicap of an inadequate building. A splendid building has been erected on Van Wyck Avenue, Richmond Hill, and its equipment and appointments will be second to none in the Metropolitan District. A fund of \$250,000 is being raised to complete the building and to equip it. That the residents of Forest Hills will contribute generously for this excellent cause is a foregone conclusion.

There are several phases to the appeal that this cause makes to our citizens. Possibly the strongest motive in a matter of this kind is a purely selfish one. What does it mean in comfort and satisfaction to the husbands and fathers of Forest Hills to know that in case of serious illness or accident to any members of their families a hospital can be reached in a few minutes, with a record such as the Jamaica Hospital has enjoyed, and where the same attention can be given as in any New York hospital? Then there is the purely altruistic side of the matter. Where can a better opportunity be afforded for the exercise of the impulse that is in some degree in all of us toward practical philanthropy? And then, of course, the question of local pride is involved. With a large number of communities working to raise this necessary fund of one-quarter of a million dollars, will Forest Hills do less than its full duty?

A large number of workers have been secured to call on the residents of Forest Hills and Forest Hills Gardens, and we bespeak the courteous attention of each citizen and as liberal an attitude toward this project as the means of each will permit.

F. C. THOMPSON,

Chairman of Campaign Committee.

The captains of the teams working in the drive are: Lyman Beecher Stowe, G. G. Thomson, S. W. Eckman and Rev. Albert Sheppard.

Card Party.

The Forest Hills Auxiliary of the Jamaica Hospital gave a card party on Oct. 10 at the Seminole Avenue Clubhouse, under the leadership of Mrs. E. H. Pierce and Mrs. Charles Pope Caldwell. A large number attended, and the prizes were all donated by Forest Hills women.

Musical.

At the home of Dr. and Mrs. Ellis Bonime, 158 Seminole Avenue, on the evening of Oct. 19, a musicale was given by the auxiliary for the benefit of the hospital. The artists who contributed their services were Gertrude Bonime, Berty Jenny, Virginia K. Richards and Editha Messer.

DIRECTORS TO BE ELECTED

Annual Meeting of Gardens Corporation—Drive for Members Has Been Most Successful

The annual meeting of the members of Gardens Corporation will be held at the Church-in-the-Gardens at 8 p. m. on Monday, Oct. 29. Several very important questions are to be decided, and directors for the ensuing year will be elected.

Forest Hills Gardens has been under the management of the corporation for a year, and this opportunity is taken to give a brief outline of the situation to date.

It is generally accepted that were it not for the present association of owners, the beauties of the Gardens could not have long been perpetuated, and the ensuing period of decline after the Sage Foundation Homes Co. relinquished control, would have been most unpleasant. On the other hand, it is an established fact that the Homes company spent from \$18,000 to \$25,000 per annum to keep the Gardens in condition, and hence it was necessary to raise additional revenue, as the regular maintenance tax only yields some \$10,000. The present plan was adopted.

Co-operation of the owners has exceeded the best hopes. Out of 553 total owners, 464 (85%) have joined the Corporation by paying both maintenance and dues. Of 89 unpaid, only 15 live in the Gardens, and of this 15 only four have refused to join. Ten have paid neither maintenance nor dues, a few have disputed area decisions and there has been only one case where the corporation worker has been refused an audience. The plan is therefore now an assured success.

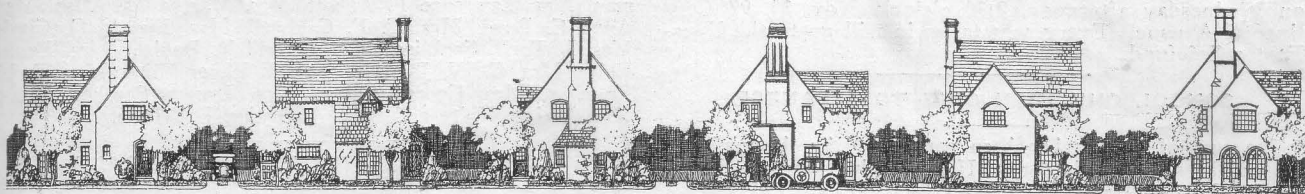

From three to seven men have been employed continuously on the property; more would be advisable if the budget allowed it. The streets have been well mended and will be repaired further next season. The grass has been cut, trees and shrubbery taken care of, and a large amount of other general upkeep work attended to. A great deal of rubbish has been removed. The sewer pumps have been operated continuously. The town can only be as clean as the residents want to make it. No amount of cleaning will keep it presentable, if the property owners insist on dumping in lots and in strewn papers on the streets. For the most part the village has been in excellent condition. Please keep it so, by your individual efforts.

Architectural supervision has been maintained, and restrictions have been enforced. Building for several blocks back from us has been restricted to conform to our scheme. These agreements are being enforced. Organization work has been carried on cheaply and well, and the interests of every owner have been protected as carefully as it is humanly possible to protect them.

In conclusion, the brunt of action and decision in a vast amount of detail, large and small, has fallen on your directors. They have worked faithfully for the success of the project. By this success they have kept Forest Hills Gardens the beautiful place it has always been, and they have assured an increased property value to each owner. There is much to be done, and it can only be done with your co-operation. No Board of Directors can do it all. Give them the help they have earned and so richly deserve from you.

MORE LIGHT NEEDED

ARCHITECTURALLY and artistically, Station Square is the just cause of pride of every property holder in Forest Hills, and every visitor in the village comments on its beauty and individuality. But there is another thought expressed frequently about it, and that is the insufficient lighting. When coming down the steps from the train, after dark, one can hardly see his way. The street is dark and because of the sharp turns the place is dangerous for automobile traffic. One visitor, a student of traffic regulations, recently said: "This town is headed for a frightful accident in Station Square."

Running the risk of being tried for heresy, the BULLETIN makes an appeal for more and brighter lights in the congested, architecturally beautiful, dimly but artistically lighted Station Square.

A CENTER OF HEALTH

THE drive is on to raise the money to complete the erection and equipment of Jamaica Hospital to meet the need of the sick in this fastest growing section of the United States. Manhattan has one hospital bed for every 200 persons. At present Queens has one bed for every 1,250 persons. The need for this new hospital is apparent.

There is a suggestion, which is almost a promise, that the new hospital will be a center for teaching health to the people. The BULLETIN feels that the institution can do no better work than to disseminate the principles of healthful living, and the promise that it will live up to this high service will bring as ready a response from the people as will the avowed purpose that the sick and wounded will find healing within its portals.

FOR THE NEAR-EAST SUFFERERS

Miss Anna McIntyre, who spoke of the suffering of the people in the Near-East, at the home of Mrs. S. W. Eckman, Greenway Terraces, Friday afternoon, Oct. 19, at the meeting of the Women's Guild of the Church-in-the-Gardens, so thrilled her hearers that it has been decided to hold a sale of the articles made by the Armenian children, at the home of Mrs. Alden H. Vose, 97 Continental Avenue. Mrs. Vose is a friend of Miss Margaret Reed, who has worked with Miss McIntyre in the Near-East. Not only will there be a sale of needle work, but moving pictures will be thrown on the screen, to graphically bring the need to those who attend.

The residents of Forest Hills are invited to this benefit on Wednesday afternoon, 2:30 o'clock, Nov. 14, 97 Continental Avenue. Every cent taken in will go to the Near-East relief fund.

SCHOOL CHILDREN GIVE TO JAPANESE

The sum of \$123.51 has been contributed by the pupils in the public schools of Forest Hills to the Japanese Relief Fund. Forty dollars of this was subscribed by Public School 101, and the remainder by Public School 3.

The pupils of the school were recently photographed by Joseph Navilo. A generous commission of \$18.50 was allowed to the school by the photographer. This amount will be used for the phonograph fund.

GARDENS MOTHERS' CLUB ACTIVE

The Forest Hills Gardens Mothers' Club has arranged to present Angelo Patri, noted educator and principal of Public School 45, the Bronx, who will speak on the evening of Nov. 19 in the social room of the Church-in-the-Gardens, on the subject, "Some Aspects and Prospects of the Child." Mr. Patri writes with such charm and intimate knowledge about children in the *New York Evening Post*.

The club will hold the regular meeting at Public School 101 at three o'clock, on the afternoon of Nov. 12 when, under Miss Beatrice Wilson, the children of the kindergarten and primary grades will give selections of their daily work in literature and in dramatization of stories. Tea will be served after the meeting. Every member of the club is asked to bring a cup and saucer to the meeting and to donate it to the club, for every other meeting will be held in the school building and the donated cups and saucers will help very much in the sociability of the meetings.

The first regular meeting of the season was held at the home of the president, Mrs. Donald G. Clark, 49 Markwood Road, on the afternoon of Oct. 15, when a large attendance was the gratifying result of the work of a telephone committee. Mrs. Harold P. Daniels gave a report of the school building committee, saying that the Gardens school building is on the 1924 budget. Miss Beatrice Wilson told of the conditions and the work of the school in the temporary building.

Miss Wilson also read the report of Mrs. S. W. Eckman, chairman of the playground, telling of the new apparatus, which helps so much in the usefulness of the playground. Some money was voted for further improvements and Mrs. Willard Patterson and Miss Maude Wallace offered to donate a new slide.

Mrs. Harold Braucher, editor of the *Playground Magazine*, gave a comprehensive report of the National Recreational Congress, held recently at Springfield, Ill.

EDWARD HOWARD GRIGGS WILL SPEAK

The speaker at the Nov. 5 meeting of the Women's Club will be Edward Howard Griggs, whose subject will be "Lights and Shadows of the Present Age." For 25 years Mr. Griggs has been on the lecture platform of the United States, speaking 7,641 times to 4,403,045 listeners. In Brooklyn alone he has given 12 lectures a year for the last 23 years. The same story could be told of most of the principal cities of the country. While Mr. Griggs is the author of many books and a student of books, his primary theme is life. He has never spoken in Forest Hills before, and undoubtedly the Social Room of the Church-in-the-Gardens, where the meeting will be held, will be taxed to capacity.

The speaker comes on the recommendation of the library committee of the club.

At the home of Mrs. H. W. Hillman, 200 Puritan Avenue, on the afternoon of Nov. 6, Mrs. Eugene Schoen will speak of the "Russian Short Story" before the current readings chapter.

WOMEN WORKING FOR MR. NEWCOMBE

The women's non-partisan committee of Forest Hills is working for the election of Richard S. Newcombe for District Attorney on Nov. 6. Mr. Newcombe has secured the promise of George J. Ryan, president of the Board of Education, that the Gardens Public School building be erected early in the year 1924 and that its roof be planned to conform architecturally to the other buildings in the Gardens. He has also become a member of the library committee of the Community Council of Forest Hills and has promised the chairman of that committee that he will work hard for the purchase of land and the erection of a library building in Forest Hills.

The members of the committee are Mrs. L. M. Burt, chairman, Mrs. Lawrence F. Abbott, Mrs. Martha M. Allen, Mrs. Anna C. Boyd, Mrs. C. P. Caldwell, Mrs. Donald G. Clark, Mrs. L. E. B. Conkling, Mrs. Harold P. Daniels, Mrs. Emma Elder, Mrs. C. W. Johnson, Mrs. J. Elmer Kline, Mrs. F. M. Knowles, Mrs. George Smart, Mrs. Lyman Beecher Stowe, Mrs. Major White and Mrs. Augustine J. Wilson.

POMONOK COUNTRY CLUB MUSICALE

Bruno Huhn, the well-known composer and conductor, will bring his quartette from New York to entertain members and friends of the Pomonok Country Club on Sunday afternoon, Oct. 28, at 5 p. m. Mrs. Frederick Kiendl will give a group of readings. A special supper will be served after the musicale.

Mr. Kaighn was the first superintendent of the Church School of the Church-in-the-Gardens and served for many years in that capacity. They will live this winter in Yonkers.

The family of Lyman Beecher Stowe has returned from Stockbridge to the home on Union Turnpike and Greenway South.

WHITSON STREET ACTIVITIES

The Forest Hills Gardens Homes Co., which is owned and managed by Forest Hills residents, has sold the remaining seven-room houses in the group on the north side of Whitson Street. The purchasers are: F. L. Marsh, freight agent of the Pennsylvania Railroad and J. O. Parisette. Mrs. Parisette is a daughter of Mr. and Mrs. Marsh. The Marshes and the Parisettes have been living in Brooklyn Manor and have recently disposed of their home there and moved to Forest Hills. Mr. Parisette is associated with Warren F. Hayes, investment banker. Purchasers of another house are: Mr. and Mrs. E. F. Nolan, who have been living in New York.

Whitson Street has recently been paved by the company and street lamps have been installed. Many of our residents have been agreeably surprised to see what a charming block this new development is. On the south side of Whitson Street the company is finishing a new group of 12 houses. This group consists of four six-room houses with two baths, six seven-room houses with two baths and two ten-room houses with four baths. All but the ten-room houses are semi-detached and each has a garage facing on a rear service lane.

In the building of these houses, the company has maintained all of the high grade features of Forest Hills Gardens construction. In addition there has been installed brass hot water pipes, set-in bathroom fixtures, Whitehouse kitchen cabinets, Ruud hot water heaters and other features. A RESIDENT.

OLD CLUBHOUSE RENTED

Up to the time of the World War, the original settlers of Forest Hills had many good times at the Clubhouse on Metropolitan Avenue. In those days, Ascan Avenue was not paved, but in spite of that, the dancing, bowling parties, ball games and tennis matches at the Clubhouse gave the residents much delightful diversion. The activities ceased with the beginning of the war and the Clubhouse went out of existence as the members were devoting their leisure to more serious matters at that time. The building was acquired by S. W. Eckman last year and was converted into two modern apartments. One has been rented by George C. LeBlanc, an old resident of the Gardens and for many years auditor of the Sage Foundation Homes Co. The other apartment has been taken by Henry Kennady, a resident of Forest Hills Gardens.

NEW HOME FOR McDONALD'S RESTAURANT

For several years the residents of Forest Hills and the surrounding territory have enjoyed the homelike cooking and excellent service of Miss Winifred McDonald's restaurant on Continental Avenue. Larger quarters have been made necessary and the restaurant is to move across the avenue to the new and spacious home which has been specially planned for it by the architects of the new building.

The opening will take place on Thursday evening, Nov. 8, and will be marked by a special dinner, followed by dancing. Hotel Lorraine Orchestra will furnish the music. For that evening, table reservations may be made with Miss McDonald, either at the restaurant, or by telephone, Boulevard 6222.

HELPING PUBLIC SCHOOL 3

The Mothers' Club of Public School 3 at a meeting held on Oct. 15 decided to continue the work that was done last year—to provide paper towels and liquid soap for the school and to furnish milk for six under-nourished children. The club has joined the Queensborough League of Mothers' Clubs. Last June the club paid \$125 for pictures for the school and these were on display at the last meeting.

The card party, held on Oct. 17, realized \$130 for the treasury.

FOREST HILLS ASSOCIATION ACTIVE

The city is repaving Fifty-first Street after long and much hard work on the part of the civic committee of the Forest Hills Association.

The same association has given orders to have the tennis courts at the Seminole Avenue Clubhouse put in perfect condition so that they may be used for skating rinks after successful flooding this winter.

The association will give a dance at the Masonic Temple Tuesday evening, Oct. 30.

THE CHURCH-IN-THE-GARDENS

The junior choir will appear in the new vestments for the first time tomorrow morning at the service of the Junior Congregation which meets at 9:30. The choir consists of about 25 children, including the standard-bearers, and is being trained by Mrs. Alexander Greene, who will be assisted by Miss Dorothy Burton. Miss Burton has just returned from Oberlin where she studied in the Conservatory of Music. Donald G. Clark is acting as organist.

Last Sunday morning the attention of the adult congregation was centered on the Jamaica Hospital Drive. Joseph Stanley-Brown, one of the Hospital trustees, was present and spoke for five minutes on the objectives of the present campaign, and the minister, Rev. C. E. Silcox, followed his remarks with a sermon on "Physicians—Human and Divine, or the Spiritual Basis of Health." Tomorrow morning the minister will speak on "Religious Syncretism in a World of Controversy."

It is expected that the installation of Mr. Silcox will be held on Tuesday evening, Nov. 6, although complete plans have not yet been made, and a postponement may be necessary. The Sunday morning service on Armistice Day will be marked by appropriate music and a special sermon for the day.

A considerable number of persons are sending for their letters of transfer and expect to unite with the Church-in-the-Gardens at the next Communion service in December. A number of young people are also uniting on confession of faith, and for these a class is to be held at the church on Thursday afternoons at 5 o'clock, conducted by the minister.

PRESBYTERIAN CHURCH

Last Sunday morning at the Presbyterian Church, Dr. J. D. Burrell, executive secretary of the Church Extension Board of the Brooklyn-Nassau Presbytery, presented, in a highly interesting manner, the work of the Board, and the varied activities of its thirty paid workers. He especially stressed the fact that the day of Church competition in the erection of buildings for worship was over, as far as the metropolitan area was concerned. Before any of the large denominations entered upon any new work, a conference was held by the representatives of the various churches for the discussion and approval of the venture.

Chas. M. Smith of Gown Street, will occupy the pulpit tomorrow evening. Mr. Smith has been for the past five years engaged in directing investigation, guidance and placement in the New York City public schools. Through his efforts thousands of young men and women have been enabled to continue their education. The great Radio center, W. E. A. F. is broadcasting a series of ten addresses of Mr. Smith's, dealing with his work. Mr. Smith's subject tomorrow evening is "Adjusting youths to their social and industrial environment."

The Ladies Auxiliary of the Presbyterian Church met at the home of Mrs. F. Hargreave, Euclid Street, on last Monday afternoon. Reports were made on the barrel and talent fund, and the ladies were delighted to discover that their efforts had netted over fifteen hundred dollars.

THE INN

The annual Hallowe'en party to be held this evening promises to be an event of unusual interest, and the guests and their friends are looking forward to unique entertainment.

The ballroom was reserved for the evening of Oct. 26 for the first of a series of fraternity dances which will take place throughout the winter season. These affairs are always well attended, and the young people enjoyed the party last evening.

Among the numerous other events will be Florence Koehler and her marionettes, who come to the Inn for a performance on the evening of Nov. 18. Their previous engagement here was pronounced by all a great success, and many new features have been added.

The well-known lecturer, Arthur Delroy, gives his entertainment, "A Psychic Melange," on Nov. 11, at 8 o'clock, an event which is being looked forward to with keen interest. As a psychologist of wide repute, Mr. Delroy exposes many supposed phenomena, such as mind reading, slate writing, and "How the Girl Floats by Hypnotism." Mr. Delroy has appeared at the Lotus Club, Union League and Quill Club of New York, various schools and civic organizations.

The American Legion has selected the Inn as its headquarters for its monthly meetings this winter, and the first of these was well attended on the evening of Oct. 15.

The management regrets that the Medical Society could not be accommodated for its meeting on Oct. 30, as so many reservations ahead made this impossible. The convention of the Federation of Churches also has been forced this year to meet elsewhere for the same reason. It is therefore hoped that early reservations for private dances, dinner parties and all other functions be made, as bookings for such affairs are exceedingly heavy.

Montague Love, the celebrated motion picture actor, is a resident of the Inn. Among other recent arrivals are Mrs. F. M. Gibson, of Tokio; Mr. and Mrs. A. E. Russell, Miss Marion Hollis; Mrs. C. W. Watson, a former guest; Mr. Charles Ostergard; Mrs. Anna K. Clark, of Cincinnati; J. L. Craig, Mrs. J. H. Heath, Jr., and Captain Alexanderson.

PROMINENT PLAYERS MARRY

Mrs. Sarah D. Remington announces the marriage of her niece, Miss Maude Marren, to Walter Hartwig, in the Church-in-the-Gardens on the afternoon of Oct. 11. The ceremony was performed by Dr. J. F. Carson, minister of the Central Presbyterian Church, in Brooklyn, and an old friend of the family. Miss Grace Marren was her sister's maid and F. Percy West was the best man. Mr. and Mrs. Hartwig will be at home at 78 Dartmouth Street after Nov. 1.

Mr. Hartwig is a former president of the Gardens Players and Mrs. Hartwig is at present the president.
